Our school initiatives are showing substantial progress toward our targets

After reviewing our 2017 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Employ a teacher to undertake a reading intervention role supporting students across the P – 2 year levels
- Continue to embed Reading 2 Learn across the entire school, by ensuring all staff, including new staff, receive the full training
- Develop and implement a whole school approach to coaching and mentoring staff
- Select an additional three staff members to undertake training in coaching.
